Tomas,
Wanted to share with you and others what were a few of the top priorities for the CWA regulatory program perspective that we shared with Alexis. This is part of the branch's on-going discussion on how to get a better handle on what is hot right now and how are we staffing and how will we continue to staff until we can hire. We have are FTE needs but wait until we have that AD discussion. In the meantime these are some of our stuff that we must get done:

1. non responsive

- Will need OW, OGC support and internal approval at all levels

This is not part of the overall strategic plan, or Water strategic plan but rather mandatory core regulatory work. More to come but Dave, Janet, Jason and I will review in greater detail for the entire FY.

Thanks,
